- **Evaluation procedure:** For Large scale integrating collaborative projects the evaluation shall follow a two-stage procedure. The first stage proposal, of a maximum of 10 pages (font size 12) should focus on the S&T content and on clear identification of the intended results, their intended use and the expected impact (economic, social, environmental, etc.) and 2 additional pages to describe the consortium and the estimated financial resources involved. It will be evaluated on the basis of two evaluation criteria, i.e.: *scientific quality and expected impact*. Stage 1 proposals will be evaluated remotely. Stage 1 proposals shall be submitted at the closure date mentioned above. Coordinators of retained proposals in stage 1 ("go" proposals) will be invited to submit a complete proposal that will be then evaluated against the entire set of evaluation criteria. The closure date of the second submission will be specified in the invitation to submit the complete proposal. The indicative closure date is: 23 September 2008.
- **Indicative evaluation and contractual timetable:** Evaluation Stage 1 proposals: End of March/beginning of April 2008; Evaluation stage 2 proposals: October 2008. Evaluation results: estimated to be available within two months after the closure date. A reserve list of projects might be established.
