Methodology & definitions

Startups, scaleups, grownups and tech

A startup is a company designed to grow fast.

Only tech companies founded after 1995 with more than one employee are included in this report

When startups are successful, they develop into scaleups (50-200 employees).

In this report, the term “tech ecosystem” refers to startups, Scaleups & grownups from different vintages/cohorts since 1995

Grownups, future unicorns & unicorns

A grownup is defined as a successful scaleup with more than 500 people.

A future unicorn is a tech driven company (valued over €200 million but less than €1 billion), excluding acquired and/or public companies.

A unicorn is defined as a tech enabled and rapidly scaling company that has reached a €1 billion valuation, on the basis of a funding round (unrealised), acquisition or IPO (realised).

Employment data. Criteria

Data obtained from Dealroom searches, mainly based on LinkedIn, have been revised in 2022 with the following criteria.

Jobs have been revised downwards, estimating a correction coefficient of 0.6 on data provided by Dealroom

Total employment is based on companies founded since 1995 and with more than one employee.

Those companies less related to technology have also been removed from the sample.

Venture capital Investment & valuation

It refers to seed, series A, B, C,... late stage, and growth equity rounds. It excludes debt or other non-equity funding, lending capital, grants and ICOs.

Investment rounds are sourced from public disclosures. Exits include buyouts, M&A, secondary rounds, and IPOs.

The combined valuation of the tech ecosystem is based on their market cap or latest transaction value. Market share price taken on May 15th, 2022.

Data sources

Fundación madri+d data source for Startup Radar is based on the review of the entrepreneurial Madrid tech ecosystem since 2000, basis for madri+d annual startup reports since 2004.

Dealroom’s proprietary database and software aggregate data from multiple sources: harvesting public information, user-generated data verified by Dealroom, data engineering. All data is verified and curated manually.
