Startup Events in Madrid Region

Ecosystem Platforms: Tools, Maps, Databases

2 Annual Reports:

- Ecosystem Report
- Investment Report

12+ Industry Reports

Tools for startups:

- Job search
- Investors
- Public Financing

About this report

This report is based on the Madrid Region startup ecosystem database*, the most comprehensive source for showcasing emerging startups and categories. Initiated by Fundación madri+d in 1995 and powered by Dealroom in 2020.

The Startup Radar madri+d platform provides background information facilitating networking, career and investment opportunities in the growing Madrid entrepreneurial and technological ecosystem.

This report covers:

1. Madrid Region startup ecosystem metrics
2. Jobs, value, industries and technologies in Madrid tech companies
3. Venture Capital and Investment
4. Support entities, founders and SDGs in a growing tech ecosystem

* If you are a Madrid based startup, incubator, investor, corporate,..and want to register please contact us [here](#)

Key features

Madrid early-stage investing set a record in 2023 and followed a better trend than in Europe as a whole

Madrid VCs raised record levels of dry powder in 2023 (+9%) while the raising of new funds was considerably reduced in Europe (-32%)

Also, the decrease of funding in Madrid HQ'd startups has been lower than in most European hubs.

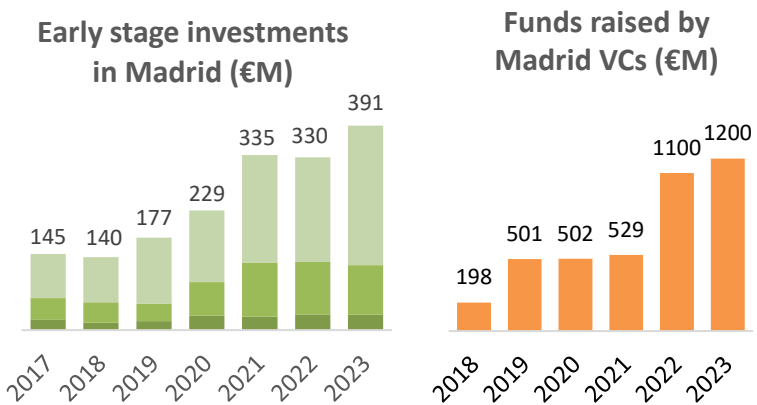

A leading Region in availability of developers and talent

Access to talent by international startups is more favorable in places offering higher concentrations of technological jobs, universities, business schools and a higher level of innovative activity. Madrid occupies the 3rd position in nr. engineering talent and 5th in nr. of developers (i.e. 3rd position for Application Development, 4th in the areas of AI, Data Science, Server & Cloud,...)

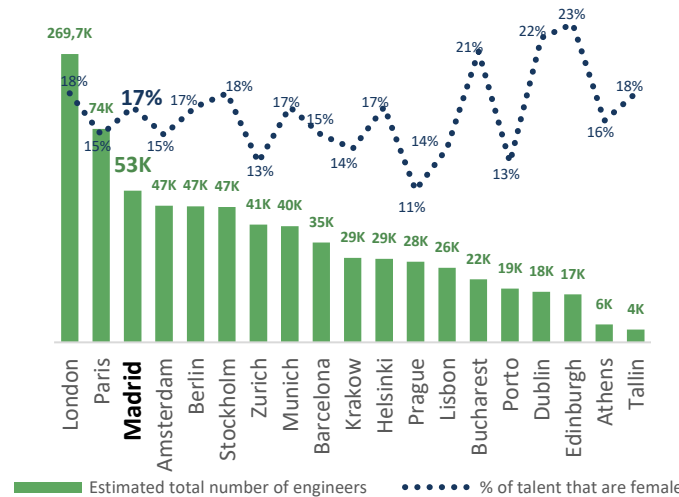

Competitive establishment costs, 4th Region in quality of life & safety

The cultural, leisure and gastronomic offer, being one of the safest capitals and having public and private services with high quality standards add to the low establishment costs, which are highly competitive when compared with main international hubs.

The Community of Madrid occupies the 4th position in Europe for its lifestyle and human capital and 14th in the Global Power City index.

Human Capital and Lifestyle in Major European Regions

RANK	CITY	COUNTRY
1	Paris Region (Île-de-France)	France
2	North Rhine-Westphalia	Germany
3	South East England	UK
4	Community of Madrid	Spain
5	Scotland	UK
6	Baden-Wuerttemberg	Germany
7	Bavaria	Germany
8	Masovian Voivodeship	Poland
9	Auvergne-Rhône-Alpes	France
10	Catalonia	Spain

Sources: [Financial Times – fDi](#) and [Global Power City Index 22](#)

Surrounded by a growing nr. of startup hubs, the city accounts for 80% of startups founded in last 10 years and for 76% of total nr. of tech companies in the Region*

* 2,626 tech companies with more than one employee are listed: 76% in the city of Madrid, 24% in the Metropolitan Area and rest of the Region.

An increasingly attractive destination for international entrepreneurs

Business friendliness and business opportunities for startups stand out in Madrid

Madrid occupies in 2023 the 2nd position in Europe by nr. of offices opened by startups from other countries, 6th in terms of business friendliness and 10th for its global economic potential.

Business Friendliness in Major European Cities

RANK	CITY	COUNTRY
1	London	UK
2	Warsaw	Poland
3	Amsterdam	Netherlands
4	Dublin	Ireland
5	Madrid	Spain
6	Berlin	Germany
7	Paris	France
8	Oslo	Norway
9	Munich	Germany
10	Bucharest	Romania

Specific regulation and taxation for startups: a long-standing pro-business strategy

Madrid, the only region in Spain without its own taxes, has the lowest and most competitive tax burden in Spain for investors and entrepreneurs, after two decades of tax cuts.

Leader in world-class physical and digital infrastructures

In the digital field, Madrid Region occupies the 3rd European position in terms of connectivity.

An Administration open and accessible to companies and private initiative with a long-standing pro-business strategy addressing:

Political and economic stability

- Committed to facilitating business operations
- Committed against bureaucracy and hyperregulation

Business Friendly Policy

- Deletion of regulatory hurdles
- 24/7 economic activity

The most competitive tax system

- Consistent & stable
- Tax reduction policy
- 25% corporate tax

Dynamic economic initiatives

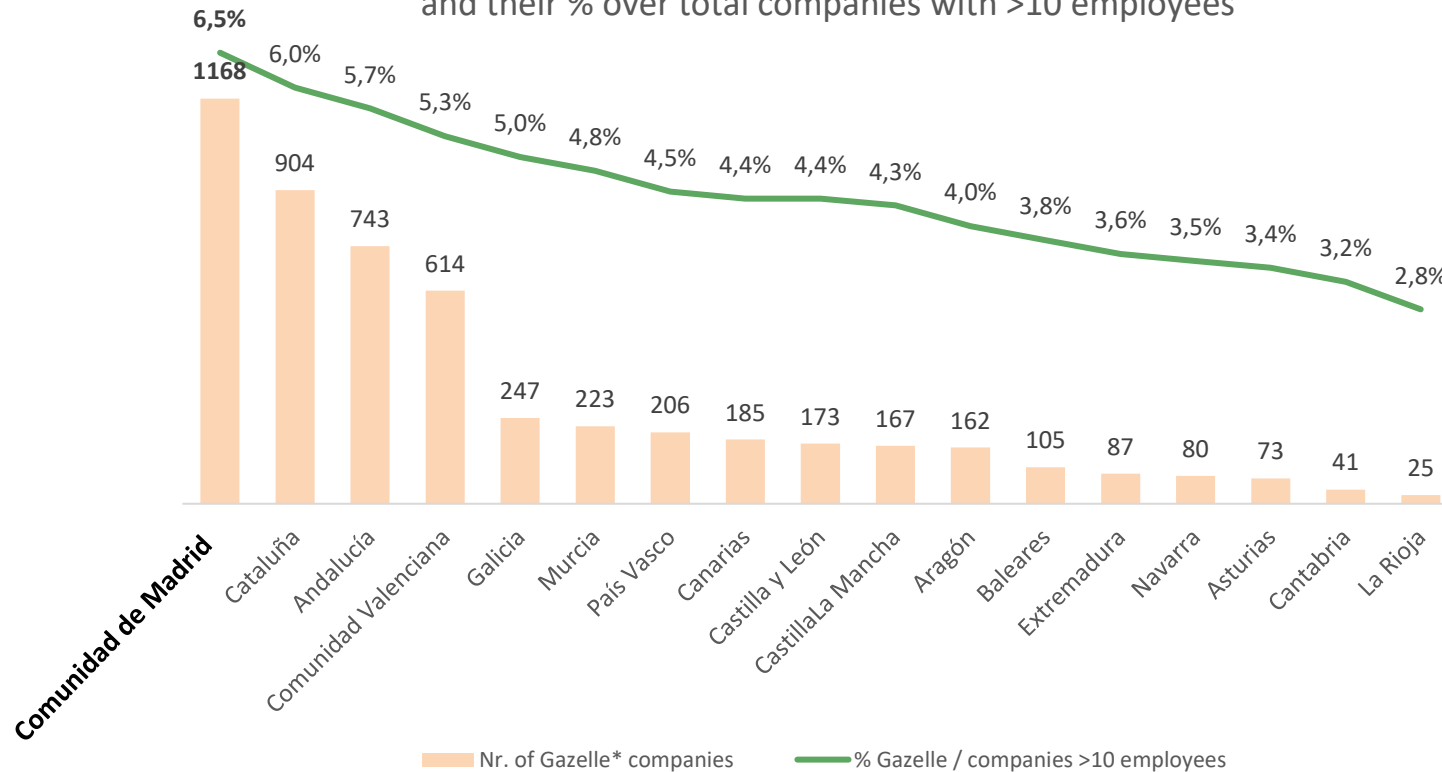

- Zero rate for self employment
- Anti-inflation measures
- 20% deduction of the investment through income tax

Job Board

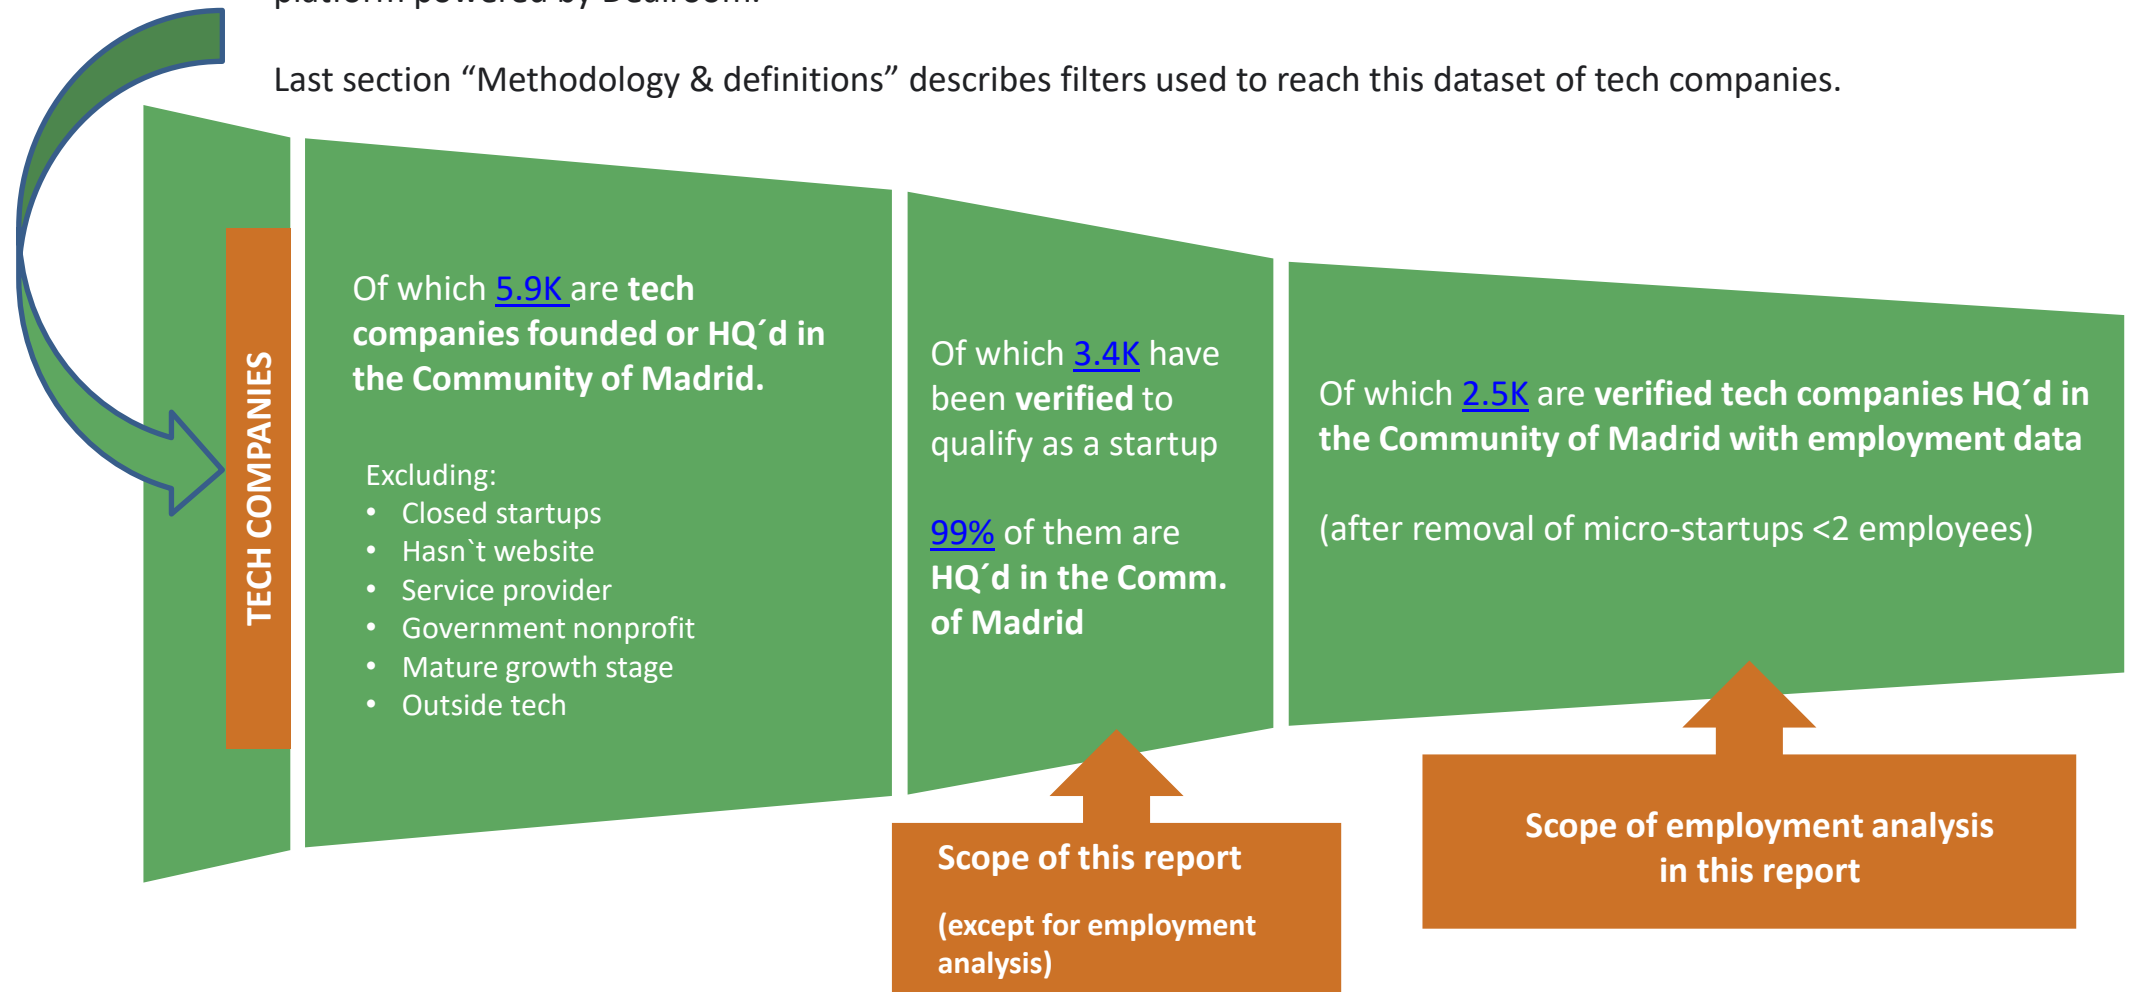

Updated job board of Madrid Region startups with specific filters

This is how the data used in this report was obtained

We start from [10.2K](#) companies founded or HQ'd in the Community of Madrid on the [Startup Radar madri+d](#) platform powered by Dealroom.

Last section "Methodology & definitions" describes filters used to reach this dataset of tech companies.

Methodology & definitions

Tech companies, startups & pre-seed opportunities

Only tech driven companies are included in this report. Mature companies, government, non-profit and service providers are excluded

A startup is a tech company designed to grow fast.

The term “pre-seed opportunities” is used for selected companies based on Dealroom signals (growth, hiring, fundraising timing, and team composition).

The term “hot startups” is used for algorithmically selected companies based on changes in Dealroom growth signals (employees, website traffic).

Scaleups, future unicorns & unicorns

A scaleup is a tech company with 51 or more employees in the last 5 years algorithmically selected based on changes in Dealroom growth signals.

A future unicorn is a tech driven company valued over €200 million but less than €1 billion that received funding in the last 5 years, excluding acquired and/or public companies.

A unicorn is a tech enabled and rapidly scaling company that has reached a €1 billion valuation, on the basis of a funding round (unrealised), acquisition or IPO (realised).

Employment data Criteria

Data obtained from Dealroom searches mainly based on LinkedIn, have been curated in 2023 with following criteria.

Jobs have been curated downwards, estimating a correction coefficient of 0.6 on data provided by Dealroom.

Those companies less related to technology have also been removed from the sample.

Total employment is based on companies founded since 1995 and with more than one employee.

Venture capital, Investment & valuation

It refers to equity rounds from seed to late VC equity rounds. It excludes debt or other non-equity funding, lending capital, grants & ICOs.

Investment rounds are sourced from public disclosures. Exits include buyouts, M&A, secondary rounds, and IPOs.

The combined valuation of the tech ecosystem is based on their market cap or latest transaction value. Market share price taken on February 10th, 2024.

Data sources

Fundación madri+d data source for Startup Radar is based on the review of the entrepreneurial Madrid tech ecosystem since 2000, basis for madri+d annual startup reports since 2004.

Dealroom’s proprietary database and software aggregate data from multiple sources: Fundación madri+d, harvesting public information, user-generated data verified by Dealroom, data engineering.

All data is verified and curated with an extensive manual process.
